CELEBRATION IN HONOR OF VETERAN OF TWO WARS.

Lake Mohonk, N. Y., Aug. 18.-Far from grim warships and the sea, where he spent hearly half a century in the service of his country, Rear Admiral Robley D. Evans, of the United States navy, who is at this quiet mountain hotel, and passed from the ranks of the country's active sea fighters. His has been the longest service (but two years short of half a century) of any man who has reached the rank of rear admiral in the United States navy.

Love and Affection.

All through the day the hotel wa thronged with admirers of "Fighting Bob," in order to congratulate him on his sixty-second birthday and to wish him many more happy and useful years. Telegrams by the score reached him from all parts of the country, all expressing felicitation and affection for the man who has done so much to build up the Amerfean navy. Many of the messages brought delighted smiles to the admiral's face, while others brought just a suspicion of moisture to his eyes. The telegram in particular which caused "Fighting Bob" many smiles came from an old friend in Washington and said:

"For some of us, skipper, your flag will always fly." Satlors, soldiers; statesmen and civilians, in fact, every walk in life, was repre-sented in the great outpouring of mes-sages which came to him today.

Expects to Reach Century Mark.

In reply to a friend who asked the admiral how he felt on his sixty-second birthday, he replied characteristically: "Fit as a fiddle. I am 62 years young today, and I expect to reach 100. I am taking on flesh at the rate of half a pound a day, and I have not got a thing to do but loaf. Who would not get well under such circumstances?"

The admiral said he expected to stay here until October, when he will go to Washington, to be associated with the general board in an advisory capacity. He added that he expected to do some work before he left here, having arranged with a magazine to write twelve articles

Cruise of Atlantic Fleet.

Asked regarding the probable effect of the cruise of the fleet around the world which he commanded from Hampton Roads to San Francisco, the first stage of the long journey, the admiral said that he believed its influence was already be-ing felt. That the cruise would add more than mere prestige to the United States as a world power, the admiral asserted in no uncertain tones. He said it was the greatest disappointment of his life that he was unable to keep the command at least until he could visit Japan, where he has a great many friends among the

He declared that he had always held that our best guaran-tee of perpetual peace is to be thee of perpetual peace is to be so strong that other nations will be afraid of us. The admiral expressed it as his opinion, formed through the foreign service and study of our naval needs, that such a fleet of battleships would not only guarantee a state of peace, but would have inestimable value in promoting our trade interests in all quarters of the

Celebration in Evans' Honor. The formal celebration in honor of the admiral took place this evening in the large parlors of the Mountain hetel. The room was gaily decorated with American flags, but the feature which attracted the

attention of everybody was a battle-scarred flag which the admiral carried on the Iowa during the battle with the Spanish fleet at Santiago. Albert K.
